

First of all, I thank you for this opportunity that you give me to explain my feelings.

As you know it, I came here in India accompanied by my son (Eric Niyukuri) to get treatment for my illness. I take this opportunity to thank from the heart the OCC GROUP which has undertaken prior our arrival in India, during our stay and especially for the treatment that I am trying to enjoy.

My thanks go especially to Mr Arora Prabal and his wife Mrs Anic who helped us to pick up us from the airport to our Guest house. As you know it, It's not easy when you arrive for the first time in a foreign country but they helped us and we will never forget it.

I'd like to thank also Miss Neha, Mr Nskhur and Mr Prakas (driver) for their help with friendship during our stay.

I can't also forget to thank the Medanta hospital's members especially Dr Deepak Sarin, Dr Prashant Acharya, Dr Sourabh Arora for the care that they gave me.

Hoping to get well soon, I conclude in praying Our Lord Jesus Christ that his blessings fill you for your service of help international patients from all over the world especially those from countries where medicine is less developed. We came us foreigners but now became family.

Viva OCC GROUP. You are a honourable family.

May God bless you.

Thank you very much !!

Dr BUZOYA Célestin
